Parental Controls Guide

BT Parental Controls

Features and Benefits

BT Parental Controls allow you to restrict certain types of websites on all devices connected to the BT Home Hub and when connected to a UK BT WiFi hotspot using a BT ID. Its features include a Strict, Moderate and Light filter, the ability to block individual categories or sites, plus a Homework Time setting that can block social media, gaming and homework cheat sites at certain times.

What specific content can I restrict?

What do I need?

A My BT account (BT ID and Password)

If you haven't signed up, you will need a contact email address and your BT account number (found at the top of your bill)

Step-By-Step

Go to home.bt.com/login/loginform and log in using your BT ID and Password. If you haven't got an account click the '**Sign up**' button.

2 Scroll down to '**My Extras**' and click '**Activate**' in the BT Parental Controls panel.

3 You will then see a page telling you that BT are activating your Parental Controls. You will be activated with the '**light**' filter setting. A confirmation screen will appear to confirm this. Set up may take up to 2 hours.

4 Once activated, you can then select '**Personalise your setting**s' to create custom settings.

5 You will then be able to change your filter level to suit your family needs.

Change filter levels		Add allowed and blocked sites		Set filter times		
	Custom Personalise	Light	Moderate Select	Strict Select

Sky Broadband Shield

Features and Benefits

Sky Broadband Shield allows you to choose which websites can be seen in your home and works on all devices connected to your Sky Broadband. You can choose between simple age categories; PG, 13 and 18 or customise protection into your own categories. There is also a Watershed feature that allows you to apply different settings at different times of the day.

What specific content can I restrict?

What do I need?

A Sky ID (Username and Password)

If you haven't signed up, you will need a contact email address and your Sky account number, or your Direct Debit details.

Step-By-Step

Go to sky.com, hover over the 'My Sky' tab and select 'Broadband Shield'.

2 Log in to your Sky account using your Sky ID and Password. If you haven't got an account click the '**Sign up**' button.

3 Select filters and change your settings to suit your family needs.

TalkTalk HomeSafe

Features and Benefits

TalkTalk HomeSafe allows you to restrict certain types of websites on all devices connected to the TalkTalk router (WiFi and Cable). Its features include three filter settings – Virus Alert, Kids Safe, Homework Time (that can block social networking and games sites at specific times) plus the ability to block individual sites.

What specific content can I restrict?

What do I need?

A TalkTalk account (Username and Password) If you haven't signed up, you will need your landline telephone number and your TalkTalk account number (found at the top of your bill)

Step-By-Step

Go to myaccount.talktalk.co.uk and log in with your Username and Password. If you haven't got an account click the '**Register**' button.

2 Hover over 'My services' from the menu at the top and select 'View HomeSafe settings'.

3 Select filters and change your settings to suit your family needs.

Virgin Web Safe

Features and Benefits

Virgin Media Web Safe allows you to restrict certain types of websites on all devices connected to your home broadband. There are two settings - Virus Safe and Child Safe.

What specific content can I restrict?

What do I need?

A Virgin Media account (Username and Password)

If you haven't signed up, you will need the account holder name, postcode and account number (which is found at the top of your bill)

Step-By-Step

1 Go to my.virginmedia.com, hover over the '**My apps**' tab and select '**Web Safe**'.

2 Log in to your Virgin Media account using your Username and Password. If you haven't got an account click the '**register now**' link.

Android Tablet

Features and Benefits

Creating restricted profiles limits the access your children have to features and content on your Android Tablet and restrict in-app purchasing.

What specific content can I restrict?

What do I need?

Nothing

Step-By-Step

On the Tablet home screen open up the app menu and select 'Settings'.

2 Scroll down to the 'Device' section and select 'Users', then press 'Add user or profile'.

Settings

From the lock screen, you'll now find your own account is protected with your pattern, password or PIN, while your child can instantly access their own account - but only the apps you selected.

Android Smartphone

Features and Benefits

Android smartphones have parental controls for the Play Store but not for the device itself. These allow you to set the maturity level of apps and set a PIN code for purchases.

What specific content can I restrict?

What do I need?

Nothing

Step-By-Step

Turn to the next page for the Google Play Step by Step Guide.

Google Play

Features and Benefits

Google Play restrictions allow you to set the maturity level of apps and set a PIN code for purchases.

What specific content can I restrict?

What do I need?

A Google Play account (Email address and Password)

Step-By-Step

Open the Google Play app on your device and sign in using your Email address and Password. Once signed in, press the 'Option' button (located on your phone below the screen) and then select 'Settings'.

2 Scroll down to the 'USER CONTROLS' section and select 'Content filtering'.

3 Here you can choose how to filter the apps available to download. Select your options and press 'OK'.

4 Next select '**Set or change PIN**' and follow the instructions. This will allow you to restrict purchases of apps.

5 Go back to the menu and make sure the 'Use PIN for purchases' option is checked.

Google SafeSearch

Features and Benefits

SafeSearch can help you block inappropriate or explicit images from your Google Search results. The SafeSearch filter isn't 100% accurate, but it helps you avoid most adult content.

What restrictions can I apply?

What do I need?

A Google account (Email address and Password)

Step-By-Step

1

SafeSearch can be easily turned on for a single use, but for it to permanently stay on you will need to lock SafeSearch.

Go to google.co.uk, select the 'Settings' tab and click on 'Search settings'.

2 Find the 'SafeSearch Filters' section and check the 'Filter explicit results' box, then click on 'Lock' SafeSearch'.

5 Go back to the menu and make sure the 'Use PIN for purchases' option is checked.

YouTube Safety Mode

Features and Benefits

Safety Mode is an opt-in setting that helps screen out explicit and adult content, to protect your children when they use YouTube. This parental control setting is currently unavailable for the Android and iOS apps. But they do have a safe search filter.

What specific content can I restrict?

What do I need?

A Google account (Email address and Password)

Step-By-Step

Go to youtube.com and click 'Sign in'.

2 Log in to your Google account using your Email address and Password. If you haven't got an account click the '**Create an account**' link.

3 Once you've signed in, scroll down to the bottom of the YouTube page and click on the '**Safety**' drop-down menu.

Turn Safety Mode on by selecting '**On**', followed by '**Save**'.

iTunes Parental Controls

Features and Benefits

iTunes Parental Controls allow you to restrict explicit content from displaying in the iTunes Store. This includes disabling podcasts, radio content and shared music so that these items don't appear on the left side of the iTunes window.

What restrictions can I apply?

What do I need?

Nothing

Step-By-Step

If you are using a Mac, open iTunes and go to '**iTunes**' > '**Preferences**', or if you're using a PC go to '**Edit**' > '**Preferences**'.

2 Click the '**Parental**' tab and use the checkboxes to disable and restrict items from the iTunes store. You can also set rating levels for music, movies, TV shows and apps using the menus to the right of these items.

BBC iPlayer

Features and Benefits

The Parental Guidance Lock is a safeguard to help you control which BBC audio and video content your children can listen to or watch online. When activated they will not be able to play Guidance-labelled content.

What restrictions can I apply?

What do I need?

Nothing

Step-By-Step

Go to the bbc.co.uk/iplayer/guidance and click on the 'Set up the Parental Guidance Lock now' button.

2 Check the box and click '**Continue**'.

3 Click the **'Turn On**' button.

4 You will now have to create a 4-digit pin code. This will be required whenever an age restricted show is trying to be accessed.

Sky Go

Features and Benefits

Sky Go allows you to use PIN-protected parental controls that are separate to any that apply to your Sky TV subscription. Its features include an age rating filter, making sure your children can only access appropriate content.

What restrictions can I apply?

What do I need?

A Sky ID (Username and Password)

If you haven't signed up, you will need a contact email address and your Sky account number, or your Direct Debit details.

Step-By-Step

1 Go to sky.com, hover over the 'My Sky' tab and select 'Sky Go PIN'.

2 Log in to your Sky account using your Sky ID and Password. If you haven't got an account click the 'Sign up' button.

Here you can choose the access level for all of your Sky Go devices.

Select a level and then create a 4 digit PIN code. This will be requested when accessing content through Sky Go.

6 Newer PS Vita models may have a '**Parental Controls**' icon on the home screen. This will just fast track you straight to the privacy selection screen.

PlayStation Network

Features and Benefits

The PlayStation Network can be restricted through the master account of your PS4 or PS3 using standard parental controls. With it you can restrict how your child can chat and interact on the PlayStation Network.

What restrictions can I apply?

What do I need?

Nothing

Step-By-Step

Turn to the next page for the PS3 and PS4 Step by Step Guides.

Features and Benefits

The PS3 Parental Controls allow you to restrict games and DVDs with mature content, use of the internet browser and how your child can chat and interact on the PlayStation Network.

What restrictions can I apply?

What do I need?

Nothing

Step-By-Step

With your console switched on go to the 'Settings' menu and select 'Security Settings'.

2 Scroll down through the menu and select 'Parental Control'.

3

You'll be asked to enter your password to change the settings. If you haven't yet created one, by default it will be **0000**.

	880	1/5 14:20 🧿
Enter your four-digit password.		-
O Back		

You are now able to choose a gaming level. The lower the level, the tighter the gaming restriction.

	90 940		F	
.				
•	• •	•		

5 To restrict access to the internet browser, go back to the 'Security Settings' menu and select 'Internet Browser Start Control'. Turning this on will require a passcode to access the internet.

PS4

Features and Benefits

The PS4 Parental Controls allow you to restrict games and applications that have mature content. You can disable the internet browser, customise content displayed in the PlayStation Store and restrict how your child can chat and interact on the PlayStation Network.

What restrictions can I apply?

What do I need?

A PlayStation Master account

Step-By-Step

With your console switched on go to the 'Settings' menu and select 'Parental Controls'.

2 If you'd like to restrict the PS4 for your child select '**Sub Account Management**', or if you'd like to restrict the PS4 for all users skip to step 5.

Restrict Use of PS4 Features Restrict use of PS4 features. If necessary, parents or guardians can set this for children who will use the PS4.
Sub Account Management

3 Follow the on screen instructions to create a new sub account for your child.

6 To make changes simply enter your 4-digit passcode. If you haven't yet created one, by default it will be 0000. Afterwards follow the on screen instructions and change the settings to suit your family needs.

Xbox 360

Features and Benefits

With the Xbox 360 Parental Controls you can restrict access to features like Xbox Live, and specify which games can be played, which films and TV shows can be watched, and how long each family member can use the console on a daily or weekly basis. You can also change the online safety settings, including restricting access to the browser, approving friend requests and blocking chat functions.

What restrictions can I apply?

What do I need?

An Xbox 360 account

Step-By-Step

1 With your console switched on go to the settings menu and select 'Family'.

2 Any Child accounts you have will show up here. Scroll across and select the '**Content Controls**' option.

3 Change the settings to '**On**', activating a preset of parental controls.

On On		Current Setting	
Ooff		Content controls are on	
Ratings and C	ontent	Not Allowed Explicit Content Unrated Content

Save and Exit	

Xbox One

Features and Benefits

Parental Controls for Xbox One can be set for each of your children's individual profiles, allowing you to prevent unauthorised purchases, ensure your children only access age appropriate content and restrict the ability to chat to strangers online.

What restrictions can I apply?

What do I need?

An Xbox One account for your child

Step-By-Step

With your console switched on press the 'Menu' button on your controller.

2 Select the '**Settings**' menu, then scroll across to the '**Family**' section. Now select the child profile you want to modify.

Wii

Features and Benefits

The Wii Parental Controls allow you to restrict games with mature content, disable the internet browser, and customise how your child can interact on the Wii Shop Channel.

What restrictions can I apply?

What do I need?

Nothing

Step-By-Step

With your console switched on select the 'Wii Options' icon in the bottom left corner of the screen.

2 On the next screen select 'Wii Settings', then scroll across the menu and select 'Parental Controls'.

3 Follow the on screen instructions until you are asked to enter a 4-digit PIN code. This will be used to make changes in the future.

F	Parental Controls			
	Choose a	4-digit PIN.		
	Back	Oł	<	

Select a secret question, which will be used if you forget your PIN code.

5 You can now restrict the Wii features. Start by selecting 'Game Settings and PIN'.

6 Here you can filter the Wii's game rating by selecting the '**Highest Game Rating Allowed**' section. When you are done select '**Confirm**' to save your settings and return to the previous screen.

Parental Cont	rols
Choose the s	etting you'd like to change.

O2 Parental Controls

Features and Benefits

O2 Parental Controls allow the account holder to block adult content when the device is using the mobile network out of the home (the default is 18+). Additionally you can also only allow access to sites classified as suitable for under 12's.

What restrictions can I apply?

What do I need?

A credit card to verify you're over 18

Step-By-Step

1 To turn parental controls on simply call 61818 from your child's mobile phone or visit parentalcontrol.o2.co.uk and type in your child's phone number.

2 You will receive a verification code to type into the box on screen. You will then be asked to prove your age with a credit card to enable the parental controls.

Tesco Mobile

Features and Benefits

All Tesco mobiles are set to restrict access to adult content, but you can also choose to restrict content suitable for 12+. Content blocking will only work when the device is using the mobile network, not the home WiFi.

What restrictions can I apply?

What do I need?

A credit card to verify you're over 18

Step-By-Step

To turn parental controls on simply call 282 from your child's mobile phone or visit the <u>secure.tescomobile.com/contact-us/form/age-verification</u> secure page and fill in the form to restrict access without a credit card.

TalkTalk Mobile Parental Control

Features and Benefits

All TalkTalk accounts are set to restrict access to adult content, but this can be disabled if required. Content blocking will only work when the device is using the mobile network, not the home WiFi.

What restrictions can I apply?

What do I need?

A TalkTalk Mobile account

Step-By-Step

Parental controls will already be activated as standard. To deactivate call 0870 087 8751 from your child's mobile phone.
