

Hartshorne C of E Primary School

Literacy

We begin our learning with poetry which conveys different feelings, moods or reflections. Next, we will delve into an Egyptian adventure story and finish Autumn One with a non-fiction letter linked to our learning in science about habitat protection and climate change. In Autumn Two, the children will revise their learning of recount writing through writing about our school trip. After, we will be looking closely at biographical writing and will end our Autumn term with a poem focusing on rhythm and rhyme linked to our Egyptian topic. We will create writing toolkits which will help to build the children's confidence in applying SPAG and writing structures independently.

Computing

This term we will be looking at Video Editing. The children will discover what video is by using filming techniques, a storyboard, planning a video, importing and editing video and finally video evaluation.

Safeguarding

This term we will continue to focus on internet safety and cyber bullying.

Anti-bullying week: 14th – 18th November 2022

World Kindness Day: 13th November 2022

PE –

Swimming will be on Thursday mornings starting 22/9/22

Outdoor learning/basketball will happen on alternate Friday afternoons

RE

This term's focuses are:

Understanding Christianity: Why do some people think God exists?

**Incarnation:
Was Jesus the Messiah?**

Mathematics

The children will learn through Power Maths. Tasks will include a sequence of fluency, reasoning and problem-solving to build confidence, stamina and independence. Year 5 will focus on place value within 1,000,000, addition and subtraction (mental and written methods), multiplication and division mental methods, equivalent fractions, adding and subtracting fractions. Year 6 will focus on place value within 10,000,000, the four operations: addition, subtraction, multiplication and division, fractions including equivalent, adding, subtracting, multiplying and dividing. Year 6 will end with measure and look at imperial and metric measures.

Pine

Autumn 2022

Main Theme:

The Inventive Egyptians

This term we will be delving into one of the most fascinating earliest civilisations – Ancient Egypt. Egyptian civilization developed along the Nile River in large part because the river's annual flooding ensured reliable, rich soil for growing crops. Get ready to explore pyramids, pharaohs, mummies, and tombs which flourished for thousands of years.

Values: Friendship and Compassion

Art

This term the children will be using their sketchbooks to collect ideas and build their historical research skills by observing closely primary and secondary sources showing Egyptian sculptures and artefacts. The children will be recreating various artefacts found in the sarcophagus: jewellery, canopic jars, papyrus paper and scarab beetles.

Science: All Living Things and Their Habitats – life cycles of mammals, amphibian, and birds. Animals including Humans – changes as humans develop to old age. Children will be exploring how plants reproduce and investigating, researching, and comparing different life cycles. Next the children will be finding out about the human life timeline, the growth and development of babies, changes as we get older and different gestation periods and life expectancies.

PSHE / SEAL

What makes our identity?

What decisions can people make with money?

Growth mindset, mental wellbeing and mindfulness.

Design Technology

Children will be researching and observing the workings of the Egyptian Shadoof. Children will investigate using levers and pulleys in order to understand and use mechanical systems in their own products.
